

EUROPHOTON

10th EPS-QEOD EUROPHOTON CONFERENCE

"Solid State, Fibre, and Waveguide Coherent Light Sources"

The conference features the latest breakthroughs in the field of solid-state, fibre and waveguide light sources.

World-renowned researchers discuss the latest developments in the scientific community accompanied by **Summer School sessions** at the PhD student and postdoctoral level, and by informal breakout sessions for discussion and vendor display viewing.

August 30 - September 4, 2020
National Technical Library, Prague, Czech Republic

19th Central European Lung Cancer Conference
traditional conference with focus on up-to-date preventive, diagnostic and therapeutic trends in lung cancer treatment, including **"the best WCLC 2020"**;

November 27 - 29, 2020
Prague, Czech Republic

□

Organized by:

Central European Lung Cancer Association & Czech Lung Cancer Cooperative Group

Conference Presidents: □ Prof. Luboš Petruželka, MD, PhD (CZ) Prof. Alan Pirker (AUT)

Scientific Secretary: □ Assoc. Prof. Milada Zemanová, MD, PhD (CZ)

SPIE □ Optics + □ Optoelectronics □ Conference 2021

the meeting that highlights the technologies that drive Europe's largest □ optoelectronic infrastructure projects, such as □ HiLASE, ELI □ Beamlines, plus conferences and workshops on laser acceleration, □ FELs, X-ray and □ EUV □ optics, nonlinear optics, and more. □ Present and Publish.

Date: □ April , 2021

Venue: Clarion Congress Hotel Prague
